

ZIMMER+ROHDE

Product data sheet

This cover is made of 30% recycled cotton. The cotton yarn is obtained from leftovers from knitwear production.

NOMAD's woolly soft, three-dimensional texture reflects the original characteristics of a highland plain where mountain plants, mosses, lichens and rocky areas form a harmonious carpet of colour nuances and textures. When you touch it, you immediately feel the high natural fiber content of this hard-wearing mixed fabric.
